

Price Annex for Origin Based Rating

Effective from: 2024-01-01

Rev:3.0 (2023-11-20)

Origin Based Rating (OBR) / A-number Based Pricing

Identification is based on CLI (Calling Line Identification, A-number).

Calls sent without an A-number, with an invalid A-number, with an incomplete A-number, or with a modified A-number will be handled as "Non-standard."

Prices, traffic services and number ranges for "Non-standard" are presented in the "National Cascade Price List"

Termination charges may be subject to retroactive adjustment depending on subsequent agreements or decisions by authorities or courts.

Operators applying Origin Based Rating

N=New
C=Changed
R=Removed

Operator	From	Until
