

## Annex A2: Definitions

In addition to the descriptions of the meaning of terms or abbreviations used elsewhere in the Agreement, the following shall apply

<b>Concept / Abbreviation</b>	<b>Used in the Agreement with the following meanings</b>
Area Code	According to the Swedish Post and Telecom Authority's use of the term in the Numbering Plan.
Area Code Area	According to the Swedish Post and Telecom Authority's use of the term in the Numbering Plan.
Cascade Settlement	Settlement principle where Telia acts as a payment intermediary between the Originating and Terminating Operator where the Operators do not have a direct contractual relationship to regulate the compensation for traffic between the Telecommunications Networks.
CCITT	The International Telegraph and Telephone Consultative Committee
CLIR	Calling Line Identification Restriction
Connection Point	A point in an Operator's Telecommunications Network, which defines where the Operator offers other Operator connectivity for Interconnect.
Connectivity	Connected Capacity in Connection Point.
Connectivity Service	Provision of Connection Point and Connection Capacity.
Direct Settlement	Settlement principle where the Originating and Terminating Operator have a direct relationship to regulate the compensation for traffic between the Telecommunications Networks regardless of whether the traffic passes through intermediate Telecommunications Networks.
Geographic Number	A Telephone Number consisting of an Area Code and a Subscriber Number.
GSM	Global System for Mobile Communications. Digital Mobile Phone System.
IBCF	Interconnection Border Control Function
IMS	IP Multimedia Subsystem
Interconnect	According to the definition of the term in Chapter 1, Section 7 of the Electronic Communications Act SFS 2022:482.
Interconnection Connection	Connection, intended for Interconnection, from one Party's Telecommunications Network to the Connection Point in the other Party's Telecommunications Network.
Interconnection Services	Services provided under the Parties' commitment to establish Interconnection in accordance with the Agreement.
ITS	Information Technology Standardization
ITU	International Telecommunication Union
LEK	Act on Electronic Communication, SFS 2022:482
Mobile Number	Telephone Number assigned for mobile telephony in the Swedish telephony Numbering plan (E.164)

<b>Concept / Abbreviation</b>	<b>Used in the Agreement with the following meanings</b>
Monday to Friday, excluding public holidays	All Mondays-Fridays except "Bank holidays" applied by the "Riksbanken"(Swedish National Bank)
Network Connection Point	Handover point to subscriber with the meaning set out in Chapter 1, Section 7 of the LEK.
Non-Geographic Number	Telephone Numbers unrelated to Geographical area, e.g. 020 Numbers, 118XXX, 0900 Numbers.
Number Portability	A feature that allows a subscriber to retain their phone Number when switching telecom Operators. (from PTSFS 2022:4)
Numbering Resource	Number assigned by PTS from the Swedish Telephone Numbering plan (E.164).
Operator	Registered Operator in accordance with Chapter 1, Section 7 and Chapter 2, Section 1 of the Electronic Communications Act (SFS 2022:482)
Operator's Telecommunications Network	The Operator's connected Fixed and Mobile Telecommunications Networks.
Originating Operator	The Operator in whose Network a Telecommunications Message is deemed to have originated.
Origination	A Service whereby one Operator, on behalf of another Operator, transmits Telecommunications Messages from a Network Connection Point in its own Telecommunications Network to another Connection Point within the same Network. The other Operator is then responsible for the continued transmission.
Parties	Telia Sverige AB and the Operator
Party	Telia Sverige AB or the Operator
Price Base Amount	According to the General Insurance Act (1962:381).
PSTN	Public Switched Telephone Network. Fixed telephony Network.
PTS	The Swedish Post and Telecom Authority.
PTSFS	The Swedish Post and Telecom Authority's Code of Statutes.
Receiving Operator	The Operator to whose Telecommunications Network a Telemessage is transmitted.
SBC	Session Border Controller
SCCP	Signaling Connection Control Part. Part of the Signaling Protocol used within and between Telecommunications Networks.
Sending Operator	The Operator from whose Telecommunications Network a Telecommunications Message is transmitted.
SFS	Swedish Code of Statutes
SIP	Session Initiation Protocol (signaling protocol for IP-based interconnection).
STP	Signaling Transfer Point. A signaling point for the routing of signaling Messages.
Subscribers	According to the definition of the term in Chapter 1, Section 7 of the Electronic Communications Act (SFS 2022:482)
Subscription Number	According to the Swedish Post and Telecom Authority's use of the term in the Numbering plan.
Telecom Operator	Operator (see above)
Telecommunication Messages	Voice, Text, Images, Data or other information transmitted in a Telecommunications Network.

<b>Concept / Abbreviation</b>	<b>Used in the Agreement with the following meanings</b>
Telecommunications Networks	Public Telephone Network as defined in the Electronic Communications Act SFS 2022:482
Telia	Collective term for companies within the Telia Group, such as the Network Owner or Operator.
Telia's Reference Offer for Interconnection	The information and conditions for providing Interconnection and related obligations that Telia Company AB and its relevant subsidiaries are required to specify and publish, in accordance with decisions by the Swedish Post and Telecom Authority(PTS)
Telia's Telecommunications Network	Refers to Telia Sweden's Fixed and Mobile Telecommunications Networks
Terminating Operator	The Operator that has the Network Connection Point where the Termination of the Telephone Message occurs.
Termination	A service whereby an Operator, on behalf of another Operator, transmits Telecommunication Messages from a Connection Point in its own Telecommunications Network to a Network Connection Point in the same Network. The other Operator is responsible for transmission up to the Connection Point.
The Agreement	This Agreement and Annexes
Third Operator	Operator other than the Parties.
Traffic Services	Termination, Access and Transit or combinations thereof.
Transit	A service whereby one Operator, on behalf of another Operator, transmits Telecommunications Messages from a Connection Point within its own Telecommunications Network to a Connection Point in a Third Operator's Telecommunications Network.
Transit Operator	The Operator that transmits a Telecommunications Message from the Transferring Operator to the Receiving Operator
Transit Traffic	Traffic that the Transmitting Operator sends to Telia, and which Telia forwards to the Receiving Operator.
TrGW	Transition Gateway
